Assessment  
is hosting a workshop on:**

---

**Knowledge Translation in the  
Post Market Evaluation of  
Drug Safety and  
Effectiveness Data**

November 25 & 26, 2007

University of Ottawa

Senate Room (083), Tabaret Hall

550 Cumberland Street

Ottawa, Ontario

## WELCOME

### Objective

How to develop a coordinated Knowledge Translation (KT) process to improve drug safety and effectiveness in the real-world.

### Background

Recognizing the evidence gap in real-world drug safety and effectiveness, a **national Network of Pharmaceutical Research Centres of Excellence** has been recommended. This workshop will explore the development of a coordinated knowledge translation program for making the evidence generated by the Network both credible and available to those requesting it, health professionals, patients and the general public

### AGENDA

#### Day 1 – Evening Conference Dinner – Sunday Nov 25

Resto-Pub Jazzy, Jock-Turcot University Centre

- 6:30pm Registration
- 7:00pm Welcome, Daniel Krewski, University of Ottawa
- 7:05pm Workshop Objectives, Noralou Roos, University of Manitoba
- 7:15pm Keynote Speaker:  
Principles of Knowledge Translation, Jeremy Grimshaw, OHRI & University of Ottawa
- 7:45pm Discussion
- 8:00pm Dinner

#### Day 2 – Knowledge Translation (KT) Workshop Mon Nov 26

- 8:00am Exhibits – (Knowledge Exchange Practices)
- 8:30-9:00am National Pharmaceutical Strategy (NPS) context, Abby Hoffman, Health Canada

## AGENDA

- 9:00- 9:20am Improving knowledge translation on medication harms and benefits, Anne Holbrook, McMaster University
- 9:20- 9:30am Discussion
- 9:30-9:50am Innovative approaches to fostering behavioural change, Lisa Dolovich, McMaster University
- 9:50-10:00am Discussion
- 10:00-10:30am Coffee Break/Exhibits
- 10:30-11:50am Communicating with Health Professionals and the Public, Vicky Hogan, Health Canada
- 10:50-11:00am Discussion
- 11:00-11:20am COMPUS – Early Experiences in KT - Evidence to Implementation, Bill Leslie, CADTH
- 11:20-11:30am Discussion
- 11:30- 11:45am Discussant, James McCormack, UBC
- 11:45-12:00pm General discussion
- 12:00-1:00pm Lunch/Exhibits
- 1:00- 2:30pm Panel Discussion: “Knowledge Translation Needs in Communicating Drug Risks and Effectiveness in Canada”  
  
Panel Chair: Noralou Roos, University of Manitoba  
  
Panel Members:  
Canadian Pharmacists Association (CPhA), Carol Repchinsky  
Communications, Carol Kushner  
Drug Plans Group, Brent Fraser, Ministry of Health and Long Term-Care, Ontario  
Health Canada, Cindy Evans, Therapeutic Effectiveness and Policy Bureau, MHPD  
Patients/Public Group, Madeline Boscoe, Canadian Women’s Health Network (CWHN)
