

International Implications of the US NRC Report on Toxicity Testing:

Recap of Day 2

Going Forward

- Some truths
 - Data does not self-implement
 - Tool boxes exist and are evolving in science and law
 - Not all decisions are the same
 - Don't get stalled climbing the mountain
- Revolution, evolution or status quo?
 - “Data on trial”
 - Cross examine to reveal the truth
 - Torture to yield desired confession
 - Finding successes and opportunities that will lead to success
 - Building a community of stakeholders – moving toward the win³
 - Communicating – the VBA standard
 - Messages
 - Messengers
 - Naysayers

Going Forward -CAAT activities

- Education and outreach to policy makers
- 4 (maybe 5) more symposia
 - Portland, Oregon
 - Chicago, Illinois
 - RTP, North Carolina
 - Washington, DC
 - Brussels?
- Stakeholder groups and networks

Thanks!!
