COUNCIL OF CANADIAN ACADEMIES

- A non-profit corporation, operational since early 2006
- Mission: To support independent, expert assessments (studies) on science that is relevant to issues of public interest
- “Science” interpreted broadly to include natural, social, and health sciences, engineering, and the humanities
- Founding member academies: RSC, Canadian Academy of Engineering, Canadian Academy of Health Sciences
- Eight completed assessments
- Reports downloadable in both languages, from our
